

**Dearest Patti Melvin,**

*Kindest greetings from Fr Tajo Leyon, Rome.*

Please find 16 Triduum Mass Cards enclosed herewith. Now I am celebrating the Triduum Mass for the given intentions of the donors and praying for their family in a very special way. I have started the celebration of Triduum Mass on 28<sup>th</sup> of April and will be completing it by 15<sup>th</sup> of June.

My pre-doctoral courses are over and now I am busy in preparing the schema for the doctoral thesis. I request your prayers for me and especially for my studies. I am doing my doctorate in Canon Law and I am interested in collecting Canon Law books and reading a lot on Church Law. Law is rigid, but my readings and experiences in the tribunal shows that it should be always melted with the sweetness of mercy. The stipends which I receive from the Mass Intentions, I use in buying canon law books.

As a brother, can I ask a favour from you? If you have any extra-books on Canon Law, would you please send to me? I will use those old books for my studies so that by learning I can serve the church better. Most of the English Canon Law books are published in America and it is rather cheap in the States than in Italy.

I humbly request some more Mass Intentions as I don't have any Mass Intentions to celebrate. The college where I stay does not supply any intentions, because the OMV fathers don't have enough supply of Mass intentions for their own priest students. As a student I am not assigned with any pastoral duties, so I don't have any intentions from here. My diocese Satna is a mission diocese and my bishop is unable to support me with Mass intentions. So I humbly ask for some more Mass Intentions, so that I can make use the Mass Stipends for buying some Canon Law Commentaries for the exegetical study.

I have 40 Triduum Mass Cards left with me. (My assigned Mass will finish on 15<sup>th</sup> June). The intentions can be sent via e-mails and the stipends can be sent through direct bank to bank transfer, as I have an account in Vatican Bank or through a check in my name.

How is the health of Father Campbell? I used to keep him in my prayers. Let Mary, Our Mother love him more, watch over and protect him.

I used to talk about the Association with my fellow priests and sisters and many are already received membership and decades of the Holy Rosary through Marilena Testatonda.

I am indebted to the director - Mrs Patti Melvin, Patricia and to the members of the Association. Thank you so much for your concern and love towards the priests. I would like to be associated more with the association and I promise my best for the Universal Living Association.

Yours Fraternally in Jesus and Mary,

*Fr. Tajo Leyon*
