

June 28, 2009

I have received the list of new members from Phekone Diocese. They are very happy to receive the Rosaries, MMs, cord and oil of St. Philomena and other materials. The Association of St. Ann is very active in apostolic works. They pray the Rosary in every home in the evening during May. They visit the sick and give them encouragement to bear their cross daily. They have written to me saying that they will pray for you and your benefactors and will never forget your generosity.
