Dear Mrs. Patti Melvin,

Today, I had time to read the e-mail from Monica in Romania and I am very shocked. This is a very difficult situation. In Ukraine, everybody wants to join the European Union. I think everybody must read this letter and learn how difficult it is to live in the EU countries. I will remember Monica and her husband in my prayers and Sacred Masses.

With prayers and respect,

Fr. Ivan Kolodiy – the Living Rosary, Ukraine

To Patti Melvin, Director,

Thank you enormously for your support. Today was another day of terror. It is general chaos in our country. Absolutely incredible! The elections were victorious for the man with traditional views, but the country continues to be ruled by the same Communist as before the elections. He lost the election but refuses to resign. At this time, there is total chaos in the medical field. A new medical card was introduced. Bureaucracy is increasing incredibly. You know my husband has cancer and is under treatment. This morning we were forced to wait until the medical staff could take care of everyone who did not need blood drawn and, then, at the end of hours, Nick could be treated. It is the same chaos in the transportation field. Few have cars and we take a taxi to the clinic. The taxi cab driver was angry because the State is asking him for new taxes and, if any passenger gives him a tip, he must declare it to the government. If you tip the waiter at the table or the barber who cuts your hair, he must declare the money. If they do not, they will be punished.

It is a sick situation in general. The loser of the election, the Prime Minister, is refusing to step down. We can do nothing about it because they modified the Constitution and now we have to wait another year for a new election. This Communist system is transformed with the help of some democratic bureaucrats into terrorism.

THE FORMULA IS SIMPLE: COMMUNISM + DEMOCRACY = TERRORISM.

The real democracy is only for democratic people who respect Human Rights!!! Look at Guantanamo, camp #7: The Secret Camp! How is it possible to ask for rights for criminals who have murdered priests who refuse to accept the union of the schismatic church, under Russian control? Who defends these priests and believers? The minority is persecuted in our country and no one cares about human rights! Our churches have been taken over and we have Mass in the fields.

Jesus asks for mercy and love, yes. It is true that we must love them because Jesus commanded us to love. We can love them but we cannot absolve them from just punishment. This is complicity! Excuse me, dearest sister in God, but sometimes life is so much hard that we must do some political analysis also. It is a pity that so many people are brain-washed and unable to think for themselves. Without a brain, we cannot defend our Faith or our country. I pray for a much stronger Christianity in the USA. In my opinion, it is not enough just to make war against terrorists. It is necessary to insist on a positive government. If this does not happen, USA and EU will fall. At this moment, EU is very close to being controlled by Russian agents.

We need moral support from USA. All people are confused and the Russian propaganda is increasing in the media every day. This is so dangerous for us and for you. May God enlighten the USA! The only Church that is able to give us martyrs for our country is the Catholic Church. No other Church can do this! Thank God for giving us this Faith. Thank you for your existence.

All for the greater Glory of God and the Victory of Peace and Love on the Earth! **AVE MARIA, GRATIA PLENA!**
