Dear Patti,

Last Saturday, I received the envelope you sent for Wilfredo. He was very moved and cried with joy when he saw his name and realized that so many persons were praying for him. On Sunday, he got out of bed by himself and went to Mass with his mom and brother, something that he had not done in a long time. His mom was so happy that he went to Mass. It is the first step for Our Lord to enter into his life, and the Gospel was precisely on the Prodigal Son and our merciful Father. We give testimony of the Love of God and the Power of Prayer. They are very, very grateful for the charity of everyone praying for them. Our new promoter, Mixie, in Panama is filling out lists and is very happy to be a part of the Living Rosary. Wonderful news, God is good and He never ceases to grant us miracles!!!

I had everything planned for the great Event on May 25 when all the Marian Apostolates in El Salvador would come together to celebrate the month of Our Lady. We have been making decade Rosary to put into the small packets for the new Living Rosary members. I also received two boxes and I am overjoyed. I thank you with all my heart for making this event a success. For one reason or another, all those who were to accompany me and help at the event, could not make it but Wilfredo, the sick boy who recovered, accompanied me and was a great help, as it would be very difficult for me to do it alone. I organized people in Juayua and we engaged the Youth Group to help, and they did a good job. God always lets me know what I am to do! We could not enroll more members as we completely ran out of materials. I will be sending you 28 completed lists as soon as possible.

On my way home after the event, a Church group contacted me to inform about the Marian Retreat for 100 persons to be held on 10th June. They will be so enlightened by Our Lady through your materials.

I have more events and new projects which I will let you know in time. Please send me more lists, printed Spanish materials and Sacramentals. Thank you for all your support in making our Living Rosary events a success!
