Hi Patti,

May the Grace of God be upon you and everyone in the Association! It's been long time now we have not communicated, thank you very much Patti. God bless you! I have just received the box this morning which was sent on the 10th March 2016. I am very happy because we are going to have a very big retreat on the 11th June at Maseru Parish (capital town of Lesotho) in a church, Mary, Mother of Lesotho. We have struggled so much for the success of this retreat but, at last, the Parish Priest gave us this date to have the retreat.

For these past months, I have been going to different villages trying to tell the people about the Living Rosary and Saint Philomena so that I can find new members and have many people praying the Rosary every day, and I thank God because I managed to get close to 100 people whom I registered and gave the Daily Decades.

Please, Patti, pray for me because I wish to translate the prayer of Ven. Pauline-Marie Jaricot's **"Prayer for Debtors"** in our language, Sesotho, because many people are in deep debts nowadays and I don't know but I think it's a work of the devil to stress people. Some of these people cannot read English but they need this prayer. Remember, I once told that I, too, was in so many debts but Pauline helped me. I want to help these people as I know what they are going through.

I also wish to form a group whereby we will be making Rosaries, Scapulars, St. Philomena Cords and translate prayers in Sesotho. There are some people who know how to make Rosaries Therefore, I have managed to convince them that, if they can help me teach other people, we will be able to produce more and give them to many people in our country and elsewhere. Here are the photos of the people I registered in the Living Rosary and the pictures of a small retreat we had last month to recruit promoters to spread the devotion of the Association. That's me in blue clothe with my daughter, Precious Mary Kananelo Lepota, on her First Communion. Please, pray for her
