

*About the 'rights of man' - as they are called -
the people have heard enough!*

IT IS TIME WE SHOULD HEAR ABOUT THE RIGHTS OF GOD!

Quote from the Encyclical letter, Tametsi, of Pope Leo XIII

The Name of God is not hallowed as It should be, if It is not hallowed publicly and socially. Our Lord's Kingdom is meant to come, not only in individual souls and in Heaven but on earth, through submission of States and Nations to His rule. The Catholic is not a being who shuts himself up in an oratory occupied exclusively with his own soul and takes no interest in the world. Catholics must never relinquish the struggle for God's Rights. Let him never be resigned to the dethronement of Christ the King. The dethronement of Jesus Christ the King is a crime! We come into union with Our Lord, not as isolated individuals, but as members of a supernatural organism, the Mystical Body of Christ. Through Baptism, we are incorporated into this organism of which Christ is the invisible Head. All members of this organism are united battling for the Divine Order of the world. The supernatural life is not the life of a *soul*, but the life of a Member of Christ, composed of soul and body, occupying a place in an organic unity destined to mold the world for Christ. We must affirm unflinchingly that this Supernatural Grace is infinitely superior to every nation and every race. The violent attack of today upon this Supernatural Life of the world must be countered with an energetic defense. **Let all good men unite and form an immense association of action and prayer.** As we have seen the **REVOLUTION** launched by the declaration of the Rights of Man and the social expulsion of Jesus Christ, may we see the same Revolution come to an end by the universal recognition of the **RIGHTS OF GOD** and of the duties of the human race to its Savior and King!

**"Prefer absolutely
Nothing to
The Love of Christ."**

Rule of St. Benedict

"The claim to withdraw the public life of States and Nations from subjection to God and His Law is the dominant error and capital crime of this century."

Cardinal Pie 1880

Catholics succumb to the lure of Christ's enemies largely because they are not trained for the real struggle in the world. They display a lamentable lack of cohesion and pitiable want of enthusiasm for Christ's interests. Everywhere, Satan combats and seeks to eliminate the Supernatural Life of Grace and participation in the Life of the Blessed Trinity. Satan's act of rebellion was a refusal to depend on the Blessed Trinity for his happiness and perfection. By that act, he not only forfeited the Life of Grace but declared war on it. All the frightful energy, then, of Satan's hatred is specially directed against the Holy Sacrifice of the Mass, the priesthood and the Church as the living, authoritative, and permanent Teaching Authority strengthened by God's own power and taught by the Spirit of Truth, Who willed and ordered, under the gravest penalties that its teachings should be received as if they were His own. Pope Leo XIII, in the Encyclical, *SATIS COGNITUM*, writes: "... it must not be supposed that It is only to be yielded in relation to dogmas of which the obstinate denial cannot be disjoined from the crime of heresy. But, further, it is to sincerely and firmly assent to doctrines which, though not defined by any solemn pronouncement of the Church, are by Her proposed to belief, as divinely revealed in Her common and universal teaching and which the Vatican Council declared are to be believed with Catholic and divine faith ... We are bound absolutely to worship God in that way which He has shown to be His

Will. We beg and beseech each one for the sake of his eternal salvation, to consider it a sacred obligation of conscience never in the least to deviate from what the Apostolic See has enjoined in this matter.”

If Jesus Christ be excluded, human reason is left without its greatest protection and illumination. Belief in Christ will not be preserved true and genuine if not supported and protected by belief in the Church which is the pillar and ground of truth. His command to hear His words in the words and commandments of the Church is meant for the men **of all times** and **all places**. All attempts to dislodge this teaching and truth from the rock of faith, sooner or later, lead the individual and community to moral destruction. Christian marriage, the foundation of the Christian Family, as the Symbol of the union of Christ and His Mystical Body, is **ONE AND INDISSOLUBLE**.

The fundamental doctrine of Naturalism or Rationalism is the supremacy of human reason which, refusing due submission to the Divine and Eternal Reason, proclaims its own independence. The great error of this Age is that religion is a matter of indifference and that one religion is as good as another. Such an attitude spells the ruin of all religions, but it is the gravest injustice and worst form of insult to the one True Religion. The term liberty is made use of in order to justify abuses and excesses. Modern society, under the influence of Satan, is organized upon the principle that human nature is of itself divine, that man is God and therefore subject to nobody.

“God reigns visibly on earth, when the Incarnate Son of God rules and the Incarnate Son of God rules, when the rule of His Church is definitely acknowledged.” - *Pius XI*

“Let us unite in mind and heart launching a counter attack on this universal evil that truth may, at length, triumph over error and virtue over vice and this, through confident recourse to the Immaculate Heart of Mary and continual use of her heavenly weapons, the Holy Rosary and Brown Scapular. Victorious over Satan in the very first instant of Her Immaculate Conception, may she show forth her power over this wicked movement, which We clearly see to be animated with the spirit of revolt, and with the incorrigible perfidy and hypocrisy of Satan and his fellow demons. Let us implore the help of St. Michael, Prince of the heavenly host, who hurled those rebels down to Hell, and of St. Joseph, the Spouse of the Most Holy Virgin and Patron and Protector of the Catholic Church. Under their protection and the persevering prayer of the faithful, may God mercifully come to the help of the human race, exposed to so many dangers! - *Pope Leo XIII, 1884*

*God governs the world but
Prayer governs God Himself!*
