

August 8, 2015

Dear Patti Melvin,

I would like to convey my gratitude for the Sacramentals you sent to me. I really appreciate them. The St. Philomena oil and cords are not enough. People are most in need of it. They are asking me each and every day. The cord which you gave me, I gave to one of our Sisters, Sr. Estockia, who was sick. When she got it and started wearing it, after three days, there was a very big improvement. Her mother is also sick. She needs the oil and cord. Many of my Sisters would like to have the cords and oil.

There is a lady who was pregnant. She is a sister to one of our Sisters in our congregation. She was hoping for a baby girl, because she has two boys. I gave her some oil and the image of the Saint. We agreed that, if the baby will be a girl, we will give her the name, Philomena. Here is the photo of the baby and the mother. In addition to that, my sister, at home, had a sick daughter and I gave her the small cord and oil packet. Now, she is well. There are so many stories.

Lastly, Sister Fidelis from the Poor Clares Monastery has handed over to me this Living Rosary work. She could not go out and assist people so she has entrusted the work to me. I wanted to confirm this to you.

Even my group at school is very happy and, this coming academic year, we are planning to start another group at Mtendere Secondary School so we will need more Sacramentals. The schools will commence on 7<sup>th</sup> September.

Wishing you all the best,

Yours in Christ,

< Sr. Clara Ukayendawataika
