Dear Mrs. Melvin,

Pax Christi! Thank you very much for the many devotional items that you sent for our faithful in Lesotho. I am amazed that you were able to print the cards in Sesotho, their native language. Our faithful were delighted to receive them, each holding out their hands to receive each item. The Rosaries went very quickly and several souls were enrolled in the Brown Scapular. Others needed Scapulars to replace worn out ones, etc.

Attached are some pictures from our recent trip a few days ago. We visited Roma, where there is a shrine and the remains of Blessed Joseph Gerard, O.M.I., who was the pioneer missionary in the area we visit and transformed the whole region.

The faithful are asking us to build them a chapel, but we need to first be sure that they understand our position on the crisis of the Church and truly want the Latin Mass. An Anglican man and his girlfriend asked to be instructed in the Faith while I was there, and I sent him a catechism book for him to study until my next visit in a couple of months' time. He speaks English, so it will be much easier than using a translator as I normally do, even for confessions. I can also send you a recording of their singing at Mass if you wish.

May God bless you and all the supporters of the Living Rosary who made this visit a happy success!

KELEBOHA!

(THANK YOU, IN SESOTHO)

Sincerely yours in Christ,

Fr. Paul Kimball
