Dear Mother Patti,

Today, St. Philomena took me to a remote Parish, the St. Michael's Parish, Nkol Meting, in the outskirts of Yaounde.

I left our center at 7:30 am, but the Mass which was supposed to begin at 10 am, finally started at about 12 noon.

Soon after Mass, the Parishioners lined up and a good number of them were enrolled. Many remarked, "**This method of praying the Rosary is much easier to encourage one to love the Rosary.**" As you can see, the people have no access to Rosary leaflets, Rosaries and brochures. They embraced the idea of the Daily Decade. Some prominent parishioners enrolled their children, even those who were not at Mass. I was assisted by another promoter from a nearby Parish, Nkongoa.

We encouraged our promoter in that Parish to continue the enrollment on every Sunday as we are about entering the Month of October, the Month of the Holy Rosary.

I left the jungle Parish at about 3:45 pm.

Recently, I was able to travel to our French speaking countries: Côte d'Ivoire, Cotonou - Benin and Togo: The trip was very useful and bore much spiritual fruit. I want to thank you and all our benefactors for making this trip possible. Your help in directing boxes to the three areas that would arrive at the time of my visit to each country were very helpful. We met with priests, Sisters and lay apostles and gave them full introduction, Sacramentals and a plan for continuity of the devotion.

In Benin and Togo, Voodoo worship is wide spread. I am back at work now in Cameroon and will send you photos of our mission. Ave Maria!
